# handheld

Handheld is the premier source for rugged mobile computers: from rugged handhelds to rugged tablets and notebooks.

These rugged mobile computers are known for the combination of high performance and strength to be able to handle the most demanding field applications. All the rugged PDA's and rugged tablets have an ingress protection of IP65 or higher.

Alcom, as the Handheld partner in Benelux, provides personal communication, prompt response, professional technical advice including pre & after-sales services and extended warranty programs. In addition Alcom electronics is a certified service center for Handheld PDA's & tablets.

*Fully rugged Tablets & PDA's  
for the toughest conditions*

Gis Mapping

Industrial

Forestry

Warehousing

Logistics

Field Service

## Why Rugged?

The Handheld rugged mobile devices are designed for anyone who works in a tough environment. Whether the challenges come from **weather, extreme temperatures** or **tough work situations**, the devices measure up to all of them. Be assured your rugged device is seamlessly integrated into your company's environment.

- In comparison to non-rugged devices, rugged solutions have a **much lower failure rate**.
- Reduced deployment risk, **lower TCO**, increased efficiency, accuracy and safety for all workers is key.
- Rugged devices will **save** you twice as much money in the long-run.
- **High performance** and strength to be able to handle the most demanding field applications.
- All the rugged PDA's and rugged tablets have an ingress protection of **IP65 or higher**
- Improved productivity and **efficiency** in the field

## RUGGED MOBILE COMPUTERS

### Rugged Tablets

**ALGIZ RT 8**

#### Ultra-rugged efficiency

The ultra-rugged Algiz RT8 is a unique 8-inch Android tablet computer built specifically to increase fieldwork efficiency.

**ALGIZ 8X**

#### Powerful field computing

The Algiz 8X ultra-rugged tablet computer is built for modern field workers.

**ALGIZ 10X**

#### Extreme field performance

The powerful Algiz 10X rugged tablet helps make your mobile crew more efficient.

**ALGIZ RT 7**

#### Heavyweight field solution

The Algiz RT7 ultra-rugged Android tablet provides powerful field performance in a sleek package.

**ALGIZ RT 7  
ETICKET**

#### Best-in-class mobile ticketing

Perfectly ergonomic, seriously rugged, and ready for your mobile transit tasks.

### Rugged Handhelds

**NAUTIZ X2**

#### More powerful than ever before

The Nautiz X2 is the most compact and comfortable rugged handheld available.

**NAUTIZ X41**

#### Second to none

The Nautiz X41 is a rugged scanning powerhouse. For fast order picking, error-free work orders and smooth shipping and receiving.

**NAUTIZ X6**

#### Ultra-rugged Android phablet

The high-visibility functionality of a tablet and the go-anywhere performance of a rugged handheld combined.

**NAUTIZ X9**

#### Ultimate outdoor rugged PDA

The Nautiz X9 ultra-rugged Android PDA can handle any environment that field work can bring.

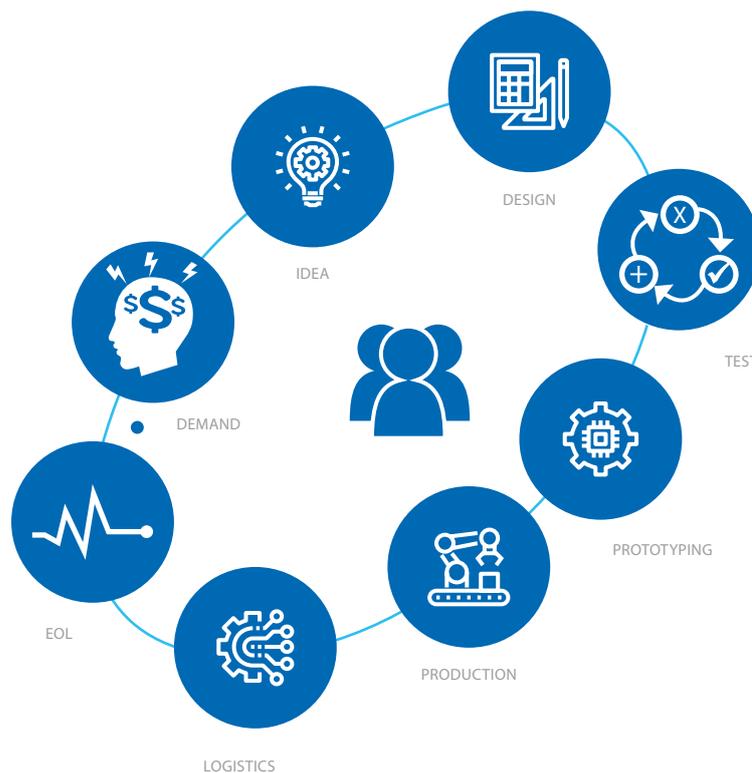

**NAUTIZ X8**

#### Leading the way

With its beautiful sunlight-viewable 4.7-inch capacitive touchscreen, the NAUTIZ X8 blurs the lines between tablets and handheld.
